

CORRECTION

Correction: Vitamin K-dependent proteins GAS6 and Protein S and TAM receptors in patients of systemic lupus erythematosus: correlation with common genetic variants and disease activity

Pedro Recarte-Pelz^{1†}, Dolors Tàssies^{2†}, Gerard Espinosa³, Begoña Hurtado¹, Núria Sala⁴, Ricard Cervera³, Joan Carles Reverter² and Pablo García de Frutos^{1*}

See related research by Recarte-Pelz et al., <http://arthritis-research.com/content/15/2/R41> and Suh et al., <http://arthritis-research.com/content/12/4/R146>

The Introduction of this article [1] contains identical text to a previous research article by Suh and colleagues (cited as reference [18]) also published in *Arthritis Research & Therapy* [2]. We apologize for the overlap in the two articles and for the lack of clear attribution.

Competing interests

The authors declare that they have no competing interests.
